

LUMINA WORKSHOPS

PRIVATE PHOTOGRAPHIC INTENSIVES

CURATED. INTENTIONAL. LIMITED

THE EXPERIENCE

Each Lumina Workshop is designed around light, landscape, and your evolving creative goals.

Whether working along the Rio Grande Gorge, high desert mesas, alpine terrain, or online, your session is carefully structured to refine both vision and technical execution.

These are not group workshops. They are private, immersive intensives designed for photographers who value focused attention, meaningful critique, and measurable growth.

Each session includes:

- Location-specific compositional guidance
- Real-time refinement of exposure and light
- Advanced discussion of visual storytelling
- Direct feedback and critique tailored to your level

Each session is intentionally limited to preserve depth and instructional quality.

LOCATIONS & LOGISTICS

Lumina Workshops take place throughout the Taos and northern New Mexico region, including:

- Rio Grande Gorge
- High desert mesas
- Seasonal river and alpine locations
- O'Keeffe Country & northern NM desert landscapes
- Historic Churches

We will meet at a designated rendezvous location and travel independently to the selected shooting area.

Detailed directions and location guidance are provided prior to your session.

Transportation is not provided.

Sessions are designed for photographers comfortable walking short distances on uneven terrain.

THE PROCESS

1. Submit an Availability Request
2. Confirm Date & Instructor
3. Retainer Secures Your Session
4. Personalized Pre-Session Planning

Each experience includes pre-session communication to align on goals, skill level, and location selection.

Your experience is thoughtfully structured from inquiry to final frame.

I N S T R U C T O R S
